## B STREET TION TABLED COUNCILMEN

TAKEN AT REGU-  
MEETING MONDAY  
EVENING.

Members of the city council  
regular meeting Monday  
tabled the motion to  
Jacob street north of the  
ward school building until  
a time as the school board  
secured all the residential  
property in the zone which the  
councils at Indianapolis and  
Hannan say they must have  
they will approve the  
building plans.

A large delegation of prop-  
erty owners from the vicinity of  
school, were on hand for the  
meeting and the action of the  
council met with their approval  
as that of the school  
members who were also  
present. At such a time in the  
city when the school board has  
closed the property on both  
sides of Jacob street for school  
it may be closed.

Mr. Zieg stated that the  
city has cash with which to  
pay for all of the property  
in time. However, he said  
the city will have to issue  
bonds to the extent of more than  
\$100,000 to erect the new build-  
ing.

A demonstration, signed by  
the Lyons and some 60 prop-  
erty owners in the neighbor-  
hood was presented the council  
at the closing of the street.  
Mr. Zieg said school officials  
are using every inch of avail-  
able space now for class pur-  
poses. In one instance, a  
classroom, and with an un-  
usually enlarged enrollment of  
100 pupils this fall, addition-  
al space must be found for

## Funeral Rites At Coatesville

M. (Rudie) Thornton, age  
64, of Coatesville, passed away  
Monday evening.

He is survived by one daugh-  
ter, Mrs. Russell Massie and one  
son and one sister.

Funeral services will be held  
Thursday afternoon at 2  
o'clock from the Powell Funeral  
home in Coatesville. Burial will  
be in the Stilesville cemetery.  
Friends may call at the fune-  
ral home.

## Best Time To Start Sunday

Greencastle, along with much  
of Putnam county, will go on  
night savings time this week-  
end. Starting at 2 A. M. Sunday  
morning, Greencastle will move  
its clocks one hour to con-  
form to time to be adopted in  
surrounding towns and cities.  
This time will be in effect un-  
til the last Sunday in September  
following the summer period.

## INJURIES FATAL

LAFAYETTE, April 22.—  
(UP)—Nine-month-old Debra  
Hawk, Lafayette, died in a  
hospital here yesterday of in-  
juries suffered Sunday in a one-  
car accident south of here.

## 20 Years Ago

HERE AND THERE

Miss Mary Florence Landis  
was one of three winners in a  
primary contest in piano held  
in Bloomington.

Prof. F. C. Tilden delivered the  
commencement address at the  
Putnam high school.

An automobile driven by Dal-  
ton Bee was damaged slightly  
when it collided with a buggy  
near Stilesville.

Those from here attending a  
district Rebekah meeting in Le-  
banon were Mr. and Mrs. L. R.  
Neely, Mr. and Mrs. E. H.  
Hilder, Mrs. Ted Beck, Mrs.  
Halter Brown, Mrs. Lawrence

## COOPERATION ASKED

Alfred Stone, Greencastle  
township assessor, announced  
today that his deputies have only  
a day or two to finish their as-  
sessment. There are a lot of peo-  
ple they have not been able to  
contact in the time allotted them  
and it will be appreciated if any-  
one who has not been contacted  
will come to the office of the  
township assessor on the third  
floor of the court house, as soon  
as possible. All assessing must  
be completed by May 15th.

## WGRE To Mark 3rd Anniversary

The third anniversary of De-  
Pauw University's radio station,  
WGRE, first 10-watt FM sta-  
tion in the country, will be cele-  
brated Thursday, April 24, with  
special program and an open  
house in its studios at the Union  
building.

Thursday's celebration will fea-  
ture an on-the-street disc jockey  
program in downtown Greencast-  
le during the morning and after-  
noon and conducted tours through  
the studios for the public from  
3 to 9 p. m.

Sound effects devices, trans-  
criptions and the station's  
broadcasting equipment will be  
displayed by WGRE, which has  
been on the air since April 1949.  
Visitors also will have a chance  
to hear their voices played back  
on a tape recording, meet the  
station's personnel, and view pro-  
duction methods.

WGRE broadcasts reach a  
minimum of six miles from De-  
Pauw campus and, under ideal  
conditions, throughout most of  
Putnam County. Pick-up lines  
from Gobi Memorial Church,  
East College, and Bowman gym-  
nasium supplement regular  
broadcasts from the Union build-  
ing studios, and telephone wire to  
Blackstock Stadium is used for  
coverage of baseball.

## DEDICATION OF CAGLE MILL DAM ON JUNE 18TH

FEDERAL, STATE AND LO-  
CAL OFFICIALS WILL  
PARTICIPATE

Dedication of Cagle Mill dam  
and reservoir near State Road  
42, west of Cloverdale, is schedu-  
led for 1:30 p. m. June 18, Anton  
Hulman, C. chairman of the In-  
diana Flood Control and Water  
Resources Commission, has an-  
nounced.

Federal, state and local offi-  
cials will participate, with the  
public invited to attend the event  
for inspection of the first major  
project in the Commission's  
master plan for flood control in  
the state.

Lieut. General Lewis A. Pick,  
Chief of Engineers, Corps of En-  
gineers, Department of the  
Army, will come from Washing-  
ton to speak on the program.  
The work was accomplished un-  
der supervision of the Corps of  
Engineers on authorization by  
Congress as a part of the com-  
prehensive up-stream flood con-  
trol in the Ohio River basin. The  
reservoir is one of 30 such re-  
tention works completed thus  
far in the Ohio valley by the  
Army Engineers.

Governor Henry F. Schricker,  
former Governor Ralph F. Gates,  
who turned the first spade of  
dirt on the start of the project  
July 1, 1948; Kenneth M. Kunkel,  
Director of the State Depart-  
ment of Conservation, and Lt.  
Col. C. Bidgood, District En-  
gineer of the Corps of Engineers,  
Louisville, Ky., also will take  
prominent roles in the dedica-  
tion, Hulman said.

Gen. Pick is one of the fore-  
most engineers in the world.  
Native of Virginia, he served in  
World War I overseas, was on  
duty in the Philippines from 1920  
to 1923, then was District En-  
gineer for the Army in New Or-  
leans, Division Executive Officer  
at Cincinnati, and Missouri val-  
ley Division Engineer at Omaha.

In World War II, he directed  
one of the most difficult con-  
struction projects ever under-  
taken in the building of the  
famed Ledo Road in west China  
and Burma during 1943-1945. He  
had charge of the special opera-  
tion Snowbound in which hun-  
dreds of lives were saved on the  
western plains during the severe  
February of 1949. Gen. Pick be-  
came Chief of Engineers in  
March of that year. He is one  
of the authors of the gigantic  
Pick-Sloan Plan for flood con-  
trol and irrigation improvements  
in the Missouri basin, on which  
only a start has been made. The  
area is devastated by flooding  
now.

Cagle Mill reservoir already  
has served to lower the stages of  
El River in Clay county, al-  
though it has not been put in  
operation formally. The dam is  
completed. Work on a new bridge  
at Cuntot on Road 42 prevents  
fill of the reservoir to permanent  
stages for forming the 1,400 acre  
lake. Flood control storage for  
over 12 inches of rainfall is pro-  
vided above the permanent pool  
level.

The Forestry Division, State  
Department of Conservation, has  
charge of recreational uses of  
the lake and bordering areas on  
license from the Corps of En-  
gineers. It is creating a public  
recreational area to include boat-  
ing, swimming, picnicking and  
other facilities. Ralph Wilcox,  
State Forester, is heading this  
program.

## NEW POLICEMAN

Bill Reynolds, son of Mr. and  
Mrs. George Reynolds, joined the  
Greencastle police department  
Monday evening as a new patrol-  
man. He succeeds Estil Mc-  
Cloud who resigned last week.  
Patrolman Reynolds was only  
recently released from 18 months  
service with the U. S. Marine  
Corps Reserves.

## FIRE RUN MONDAY

City firemen were called to  
the Grace Harmon home, 108  
West Daggy street, at 5:30 p. m.  
Monday to extinguish a roof fire  
on a wood shed. Water from the  
booster tank was used to put out  
the blaze. The amount of dam-  
age was small.

## THE SOUTH SIDE CLEAN UP GANG REALLY GOES TO WORK

This gang from the south side of the square got going on the dot at ten Monday morning. They  
cleaned the sidewalk from the Fleenor corner west. Some had to stop and rest in the middle of  
the job, especially the water-bay Bridges who had died the business end of the hose. Those with the  
scrub brushes included, left to right, A. Fleenor, Ben Cannon, Frank Pierce, Charles Bridges, Paul  
Jones, Carl Stevens and Carlos Lanzone.

## City Trucks To Collect Trash

The city trucks will begin pick-  
ing up trash tomorrow as their  
part of clean up week. The city  
trucks will work in the north  
portion of the city, south from  
the Monon to Walnut street to-  
morrow. On Thursday they will  
work between Walnut and Hanna  
streets and on Friday they will  
be south of Hanna street.

Residents are asked to put  
their trash in baskets, bags or  
something the truck driver can  
lift on the side walk in front of  
their home and they will be pick-  
ed up.

If any are missed, the trucks  
will gather them up as quickly as  
possible.

## Tornadoes Hit 3-State Area

DALLAS, Tex., April 22.—  
(UP)—Tornadoes and violent  
windstorms which slashed  
through Texas, Oklahoma and  
Missouri left two persons dead  
and heavy property damage to-  
day.

A 72-year-old Texas farmer  
who tried to take shelter under  
a tree during a thunderstorm was  
killed by a bolt of lightning. A  
frightened 40-year-old Oklahoma  
woman fleeing in her automobile  
ahead of two tornado funnels  
died instantly when her car over-  
turned in a ditch.

The victims were A. A. Doss,  
Sr., of Rockdale, Tex., and Mrs.  
Horace Jones of Blair, Okla.  
At least seven tornadoes or  
violent windstorms were report-  
ed in the three-state area last  
night as torrential rains lashed  
Oklahoma and drought-stricken  
Texas. At Dallas isolated flash  
floods closed some streets and  
drove motorists from their auto-  
mobiles as water swirled four  
and six feet deep at low levels.

Some of the reported tornadoes  
whirled off through black skies  
and apparently never touched  
ground. Heaviest property dam-  
age was inflicted in the small  
Texas farming community of  
Emhouse, 40 miles southeast of  
Dallas.

Another tornado blew away a  
steel bridge between Waco and  
Crawford, Tex. A third spent its  
fury in a wheat field northeast  
of Blackwell, Okla.

A fourth tornado destroyed a  
barn and farmhouse four miles  
from McGregor in central Tex-  
as, as their owner and his family  
of five hugged the earth in a  
nearby field.

## KILLED BY TRAIN

INDIANAPOLIS, April 22.—  
(UP)—Carl Hastings, 69, Indi-  
anapolis, was killed when he fell  
and was crushed beneath a New  
York Central railroad tank-car  
he was attempting to brake in  
the Hills yards here late yes-  
terday.

## BLOOD DONOR REGISTRATIONS ARE LAGGING

Registrations for blood donors  
for the April 29 visit of Red  
Cross Bloodmobile are coming in  
very slowly. This announcement  
was made today by Mrs. Don  
Ellis, Putnam county chairman  
of blood program.

The Red Cross was assigned  
the job of procuring blood for  
the armed forces last July. Since  
that time blood and blood plas-  
ma have been flown directly to  
Korea on regular schedule.  
Thousands of American boys are  
alive today only because of the  
life-giving quality of the blood  
received from their home folks.

An army private loading  
whole blood into a truck on a  
Korean airfield summed it up  
when he said:

"It's the best cargo I've ever  
hailed, believe me. I've seen the  
wounded and I know what I'm  
talking about. A fellow lies on  
his litter looking like he's dead.  
We get the blood flowing into  
him. Then he moves a little. His  
eyes open and we know he's com-  
ing out of it."

It is pointed out that some of  
the wounded need as many as 70  
pints of blood before they "come  
out of it."

Tri Kappa associate, the spon-  
soring group for the bloodmo-  
bile's visit, is feeling concern  
over the lack of donors for next  
Tuesday's visit. Persons between  
the ages of 21 and 59, in good  
health and possessing a desire to  
help save life are urged to call  
Red Cross, number 4, in office  
hours, or 550 or 1192 at any  
time, to register as donors.

The bloodmobile unit will be  
set up at the local Elks Lodge,  
Tuesday, April 29.

## Death Summons Howard Deisher

Howard Deisher, age 57 years,  
passed away Monday in Ander-  
son. The deceased was well  
known in the north part of Put-  
nam county. He is survived by  
the widow, Mrs. Flossie Deisher.  
Last rites will be held Wednes-  
day at 2 p. m. from the Rozelle  
Funeral Home with burial in  
Memorial Park cemetery in And-  
erson.

## Hospital Notes

Admitted Monday: Mrs. Gar-  
net Truesdel, Fillmore R. 1; Mrs.  
Lulu Maris, Eminence; Mrs.  
Opal Everhart, Quincy R. 1;  
James E. Williams, Putnamville;  
Mrs. Vada Lisby, Coatesville R.  
2; Barbara Neese, Poland R. 2.

Discharged Monday: Clarence  
E. Carter, Mrs. Rachel Etcheson,  
Roachdale; Elmer L. Franklin,  
Clayton.

## Amelia D. Kemp Dies At Capital

Word has been received of the  
death of Miss Amelia D. Kemp  
on Saturday, April 19th, in  
Washington, D. C. Miss Kemp  
will be remembered by many  
Greencastle friends who knew  
her during her years as secretary  
in the office of President Grose  
from 1913 to 1924. For the past  
fifteen years she made her home  
in Greencastle for frequent sum-  
mer visits with friends.

## Council Acts On Street Petition

The city council Monday even-  
ing allowed claims on file total-  
ing \$1177.96. The claims were  
read by Councilman Robert  
Dean.

Some time was spent on action  
by the council in their proposal  
to close Manhattan street from  
Indiana street to College street,  
as a result of the petition of  
Jerry Grimes et al for this ac-  
tion. Some new homes are being  
built on the street and the prop-  
erty owners propose to open a  
new street a short distance north  
of Manhattan street to replace  
the closed one.

After Rex Boyd, attorney for  
Mr. Grimes, explained the pro-  
posal, the resolution was passed  
by a unanimous vote.

The addition of Dr. and Mrs.  
Finkbner on east Washington  
street, was also plotted as a new  
subdivision to the city. It is pos-  
sible that a half dozen houses can  
be built on the new tract.

A complaint was made by  
some residents on Highland  
street, saying raw sewage is  
flowing in the street from a  
storm sewer. The street depart-  
ment was ordered to check into  
the matter and to close the of-  
fending sewer.

## TO SHOW COLORED SLIDES

The public is invited to attend  
a showing of a large collection of  
colored slides in the ballroom  
of the Memorial Union building  
on Thursday, April 24th, 7:00 p.  
m.

Sam T. Hanna has been col-  
lecting these slides for the past  
two years, and those to be pro-  
jected on Thursday will be of  
DePauw university and will in-  
clude interior as well as exterior  
exposures in and around De-  
Pauw.

## TRAFFIC ACCIDENT

City police reported slight  
damage in a traffic mishap Mon-  
day at Indiana and Washington  
streets. Police said a 1948 Chev-  
rolet driven by Melissa Irene  
Knoll, East Hanna street, backed  
away from the curb into a 1951  
Studebaker driven by Wilmeta  
Marie Riley, Greencastle Route  
2, resulting in about \$45 damage  
to the Studebaker. Police said  
Mrs. Knoll did not see the other  
car.

## Too Slow!

MUNCIE, Ind., April 22.—  
(UP)—Charles J. Turner,  
Selma, was fined \$5 and  
court costs here yesterday  
on a charge of driving reck-  
lessly. Police said he was  
driving too slow.

## EXTRA!

WASHINGTON, April 22.—  
(INS)—Air Force Secretary  
Finletter recommended today  
that "sit-down" flyers who ac-  
cept training and then refuse to  
fly should either be dishonorably  
discharged or given mental  
treatment.

WASHINGTON, April 22.—  
(INS)—Gen. Carl A. Spaatz,  
former Air Force chief of staff,  
charged today that a one-year  
delay in building up a 143-wing  
Air Force is an "inexcusable  
risk" to the nation's security.

## JACKSON, Mich., April 22—

(INS)—Two rebel inmates in  
besieged cellblock 15 at Jackson  
prison today were dragged into  
the main yard, badly beaten and  
slashed for allegedly defending  
the 11 prison guards held as hos-  
tages by 174 rioting inmates.  
State Police Capt. Harold  
Tucker and another trooper were  
summoned by telephone to bring  
stretchers and "get a couple of  
flinks out of here."

Just before Tucker arrived,  
inmates Jerome Parmenter and  
Ellsworth Roberts were roughly  
dragged from cellblock 15 by  
other inmates and left in the yard  
to await rescue.

## WASHINGTON, April 22 —

(INS)—Rep. Hale R. Mc., today  
introduced a resolution in the  
House initiating impeachment  
proceedings against President  
Truman for his seizure of the  
steel industry.

## HOLLYWOOD, April 22 —

(INS)—Veteran film producer  
Walter Wanger today was found  
guilty of assault with a deadly  
weapon for the love shooting of  
agent Jennings Lang.

He was sentenced to serve four  
months in the Los Angeles coun-  
ty jail.

## KANSAS CITY, April 22.—

(INS)—The Missouri river's  
swollen flood crest boiled past  
the levees at St. Joseph, Mo., to-  
day and rolled downstream for  
one final punch at Kansas City.

## Trustee Fires Seven Teachers

HOWE, Ind., April 22.—(UP)  
Opinion was divided today in  
the firing of the high school  
principal and six teachers for  
allegedly failing to discipline  
students who "sassed" and  
"cursed" in classrooms.

There was no concerted pro-  
test action to date but strike  
talk spread among students and  
residents hinted at a petition.  
Principal L. L. Sayles said at  
least 50 persons telephoned him  
to express indignation over his  
firing.

John Sipe, Lima Twp. trustee  
who has complete charge of the  
school system, dismissed the  
teachers. It was reported he took  
the action because of "sassing  
back" and "profanity" by pupils  
who went unpunished.

Sipe declined comment.  
"I'll do my talking after May  
19 when school is out and the  
teacher's contracts expire," he  
said.

Sayles, a graduate of the school  
and principal for 20 years, said  
he had no excuse to make re-  
garding his work.

"If you want proof of my in-  
tegrity and ability, ask anyone,"  
he said.

Three elected advisers, who  
help Sipe with financial matters  
but have no voice in running the  
school, were divided—one for  
Sipe's action, one against and  
one with "no comment."  
Others fired were Sayles' wife,  
Muriel, 5th and 6th grade teach-  
er; Mrs. Lavonia Davis, home  
economics; Joseph Carkenord,  
coach; Mary Dernick, business  
education; Harry Wunker, Eng-  
lish and science, and Carle  
Sherman, 2nd and 3rd grades.

## ATOM BLAST IS BROADCAST THIS MORNING

TERRIFIC BLAST RELEASED  
ON NEVADA DESERT  
SEEN BY MILLIONS

## YUCCA FLAT, Nev., April 22.

(INS)—Like a fiery belch  
from hell, the mightiest A-bomb  
ever detonated in the continental  
U. S. unleashed its baleful fury  
over the Nevada desert today,  
but intrepid troops soon were  
maneuvering around the atomiz-  
ed and contaminated area.

Paratroops soared overhead  
and fluttered down through the  
shimmering heat to the dust-lad-  
en desert, where hundreds of test  
animals must have died and an  
array of military equipment  
seared and buckled.

An enemy "stronghold" had  
been wiped out and U. S. troops,  
vanguards of atomic-trained in-  
fantry, took over and consoli-  
dated the position. The atom  
has been further harnessed to  
the battlefield.

The troops were protected  
from the tarrying forces of the  
bomb by bunkers and futuristic  
fox-holes shaped with a vertical  
L. There were no immediate re-  
ports of injury to the men.

It seemed incomprehensible to  
observers on a hill ten miles  
from the blast that any living  
thing could have survived if  
much closer to the detonation  
than they. The observers were  
stunned by a fierce heat wave  
that swept over them less than  
a second after the explosion, and  
by an ear-splitting noise and  
muscular shock wave that fol-  
lowed seconds later.

The bomb, which Federal De-  
fense Administrator Millard  
Caldwell said would have wiped  
out three square miles of New  
York City and produced 500,000  
casualties, was dropped from  
30,000 feet by a B-50. It had  
been blown in from the Air  
Force's special weapons com-  
mand base at Kirtland Field, Al-  
buquerque.

## VISIT SHOOTING SCENE

BLOOMFIELD, Ind., April 22.  
(UP)—A Greene circuit court  
jury hearing the trial of retired  
coal miner Ralph Groves, 65, to-  
day were to visit the scene near  
Shoal where Groves allegedly  
shot Air Force Sgt. George  
Brown, Greencastle.

Defense attorneys asked that  
the jury be allowed to visit the  
shooting scene. Brown was  
wounded fatally in a trailer near  
Brazil last Nov. 21.  
Groves testified in his own be-  
half yesterday, saying he "did  
not intend" to kill Brown. Closing  
arguments are scheduled in  
circuit court tomorrow morning.

## CHURCH BELL STOLEN

COATESVILLE, Ind., April 22  
(UP)—An imported bronze  
church bell, one of the few items  
salvaged after a destructive tor-  
nado almost leveled this com-  
munity in 1948, was reported  
stolen today.

The \$1,000 bell, weighing al-  
most 700 pounds, was undamag-  
ed when the tornado destroyed the  
Christian church March 26,  
1948. It was placed in the  
church yard while the structure  
was rebuilt.  
Officials were making plans to  
hoist it into the new church when  
it disappeared.

## Today's Weather and Local Temperature

Mostly cloudy with showers  
Tuesday night. Turning colder  
extreme north early Tuesday  
night. Wednesday mostly cloudy,

## It's Blackwood For Bridge

By Essie Blackwood

Sometimes Bad Bidding Isn't Punished

Bad bidding is not always punished. Miss Brash was about a king short for her second round bid of two no trump. Mr. Champion, who never takes into consideration the bidding peculiarities of his partner, made the normally justifiable jump to a small slam—off the ace and king of spades.

But Mr. Abel couldn't tell his side was in a position to win the first two tricks. He opened his jack of clubs and Mr. Champion won with dummy's king. He played the four from his own hand hoping Mr. Abel would miss the deuce and think Mrs. Keen had it and was starting an echo.

Even with the temporary reprieve offered by the club opening, Mr. Champion had no place to get rid of two spades. There was only one hope, a squeeze, and to bring this off, he had to lose one trick first. It was a long shot but the only hope.

He entered dummy with the ace of hearts and returned a spade. Mrs. Keen played low and the queen lost to Mr. Abel's ace. Mr. Abel simply could not believe that Mr. Champion would make this play unless he had both king and queen of spades and he led back another club. So far, so good.

After winning with the king of clubs, Mr. Champion paused to take stock. It was obvious that Mrs. Keen held the other top spade. Suppose she also held her side's only diamond stopper. Then she would have to hold four diamonds and the king of spades—five cards in the hand.

Mr. Champion could win five heart tricks, the queen of clubs, and these added to the spade trick and the two club tricks already played, made a total of nine. In other words, he could get Mrs. Keen down to four cards without losing the lead again. That was one less than she needed to hold.

So five hearts and the queen of clubs were cashed. In dummy, Mr. Champion saved four diamonds; in his own hand, two diamonds and two spades. At the ninth trick Mrs. Keen was squeezed. She had to retain the king of spades and therefore discarded a diamond. Mr. Champion won the rest in the diamond suit.

Band music played by the Greencastle High School band will be featured on the Greencastle School of the Air radio broadcast Tuesday evening at 7:30.

Under the direction of the high school music teacher, Don Marketto, the band will play the following selections: "Flute March" by Boccalari; "Au Pays Lorrain," by Balay; and "Deep Purple" by De Rose.

This is the second time this year that the high school band has been heard over the local radio station WGRE.

## State Cattlemen To Meet Friday

Can steers be finished for market on corn silage and Purdue Cattle Supplement A? How much will an acre of grass silage return when sold through beef?

These questions will be among topics discussed at the annual Spring Cattle Feeders Day at Purdue University next Friday, April 25. More than 1,000 Hoosier cattlemen are expected to attend.

Reporting on Purdue nutrition studies with beef calves and steers will be Dr. W. M. Beeson, Dr. T. W. Perry and Robert Tousek, all of the animal husbandry department. They will speak at the morning session in the Cattle Experimental Barn, where 138 yearling steers used in many of the experiments will be on display.

A highlight of the afternoon program in the Livestock Pavilion will be comments on the livestock price situation by Dr. Donald Paarrberg, Purdue University agricultural economist. Other talks will be given by Dr. F. N. Andrews on dwarfism in cattle; Henry Mayo and W. T. Anderson on cooperative research with Hoosier farmers on grain and pasture feeding and calf production in beef cow herds.

Other discussion at the morning meeting will include the comparative values of popcorn cobs, cottonseed hulls, grass silage and corn cobs as roughages for wintering steers with Supplement A; pounds of beef obtainable from an acre of corn silage or grass silage; steer gaining ability on pasture after being wintered on corn cobs; possibilities of substituting linseed meal for cottonseed meal in Supplement A; and use of ammonia as part of the protein for wintering cattle.

## CARD OF THANKS

We wish to express our sincere appreciation for the many courtesies, kindness and sympathy extended to us during the illness and loss of our loved one, Harvey P. Hill.

Our heartfelt thanks for the sincere effort and desire of Dr. George Tennis, the wonderful service and warm interest of the nurses and supervisors of the Putnam county hospital.

Our gratitude to our kind friends, neighbors and fellow-workers, to the church and to one and all for the beautiful floral offerings.

A tribute of appreciation to the Rev. L. A. Gray and the Miller & Son Funeral Home for wonderful services rendered.

Mrs. Sarah Hill

Mr. and Mrs. Rudy Weil.

To the Voters of Owen and Putnam Counties:

This is to announce my candidacy for the nomination for Joint Representative on the Democratic ticket from Owen and Putnam Counties.

I withheld the filing of my declaration for the office until about 1:30 p. m., on the last day for filing, and up until that time I was unable to find out that anyone else was filing for the office, but, be that as it may, perhaps my worthy opponent was in the same situation. Now that my declaration has been filed, I would like to be successful in the primary contest, as it has been a desire of mine for a number of years to sometime represent the people of my district in the State Legislature.

Since I will not be able to make an active campaign and get acquainted with all of the people between now and the May primary, I would like to take this means of introducing myself, and giving the folks who do not know me, a little of my background.

I am a resident of Spencer, Indiana, and own property in both Owen and Putnam Counties. I am 56 years of age, married, and the father of three children, all of whom are married. I am superintendent of McCormick's Creek State Park, and expect to resign this job at the close of this year, whether elected or not. I was elected Sheriff of Owen county in 1936, and again in 1938, and was Supervisor of the Safety and Security Division of the Jefferson Proving Ground from January, 1941, through World War II. My son and I own a dry cleaning plant in Spencer, which is operated by him. I was born and reared on a large farm and am now the owner of a farm in Owen County. I worked for seven years as a laborer in a furniture factory. I believe I am fully acquainted with the problems of the people in every walk of life. I am a veteran of World War I. Since I never like to use church or lodge organizations to further my own cause in any way, I will not mention any church denomination or lodge organization by name, however, I am a member of a Protestant church, and belong to three lodges. I love people and enjoy working as a public servant.

With the above mentioned background, I feel, if nominated and elected, I would make a well qualified representative of the people of Owen and Putnam Counties.

I will appreciate any support I may receive.

CURNEL M. RICHARDSON

## CARD OF THANKS

We wish to express our thanks to the Greencastle township fire department for their prompt and courteous service in answering our call for a large grass fire at our home. If they had not been prompt we probably would have lost our barn and its contents valued at several thousand dollars. Again we say, Thank you fellows.

Mr. and Mrs. Raymond Baldwin

As the season swings along, we are hearing about several large catches of fish, and increasing large finds of mushrooms. While fishing yesterday afternoon, I couldn't help but hear the conversation between two of my fishing neighbors. One of the fellows after listening to a long winded account of some "mighty big fish stories" replied: "Joe, I have always known that all fishermen except you and I were liars, and sometimes I am a bit doubtful about you".

From all indications, there aren't any chuck holes in Greencastle's streets. That is the impression the council had Monday night, because only seven complaints of holes had been received up to date, and Mayor Crawley said complaints will be followed up within 48 hours time if residents will telephone 595 of any bad street chuck holes. Let's keep the street department busy filling up holes by telephoning the city police where they can be found.

## Athenians Maul Cub Baseballers

The Tiger Cub baseball team Monday was walloped by the Crawfordsville Athenians, 17-1. Athenian bats sang a merry tune all evening, and Cub fielders helped out very little by playing "footsey" on grounders and "hot potato" on flies.

The Greencastle hitters were in a lethargic state of ineptitude, collecting only four hits, raising their season total to fourteen. The lonely Cub tally was plated in the first inning when Jim Cowger scored after John Braden's long fly to right.

Crawfordsville scored in every inning, and salted the game away in the first frame on a series of walks and hits, accounting for four runs.

The contest was called at the end of five innings to allow the Cubs to return home before dark.

To Relax Credit Controls  
On House, Car Purchases?

Truman May Shelve Fight  
For Ambassador to Vatican

Special to Central Press

WASHINGTON—The government may decide to relax credit controls on the purchase of new homes, automobiles, household appliances and other consumer products which now require stiff down payments.

Federal Reserve Board officials who are in charge of credit curbs still want Congress to grant the administration broad authority to hold down installment and mortgage credit.

However, business groups are exerting strong pressure on Congress to modify the controls and it appears that in this election year the Senate and House may take some action to alleviate the situation.

The Reserve Board already has removed a 10 percent down-payment requirement on home repair loans and some observers believe this indicates the board soon will go a step further and grant wider relief from the regulations.

There is little doubt that the government is worried about the slump in nationwide retail business. Moreover, the auto industry is having difficulty selling new and used cars and prices generally are below the ceiling prices set by the government.

Washington

VATICAN AMBASSADOR—Don't look for President Truman to push his fight for a United States ambassador to the Vatican, despite the White House statement that he has not abandoned the plan.

Administration leaders say the subject is too much of a "hot potato" in an election year, and the President's political advisers are urging him to forget about it for the time being.

There is virtually no chance that the nomination of an envoy to the Vatican could win Senate approval, although the House may knock out its appropriations committee's action in banning funds for such a mission.

A hot fight loomed in the House over the provision in the State department appropriation bill, and it eventually may be removed on the grounds that such a step has no place in a money bill.

However, regardless of the House action, the Senate still appears to be unwilling to approve sending an ambassador to the Vatican, and would effectively pigeonhole any such proposal from the White House.

TRUCE—It is becoming more and more apparent that there may be no Korean truce until there is a settlement of the Indo-China battles between the French and the Communists.

There is more than a little coincidence to the fact that the truce talks go on and on—and so does the insistent Communist campaign in Indo-China.

High military brass suspect that the Reds are afraid to settle the Korean issues for fear this will free enough United Nations forces to make possible a decisive victory in Indo-China.

The Communist game is one of economics as well as military strategy. It is no secret that the French are hard-pressed to maintain their forces in Asia and that these forces are a serious drain on the French economy.

The Communists apparently believe that if they stall long enough the French will decide to bring their troops home to save their faltering economy.

WHITE HOUSE KITCHEN—Congressional wives who recently trekked through the renovated White House were enthusiastic about the glass-walled, stainless steel kitchen. However, there was one thing which they definitely did not admire.

This was the old-fashioned sharp corner on the cupboards.

One senator's wife said it was obvious that no woman had a hand in designing these cupboards. She explained that any woman who had pumped her head on a sharp-turned kitchen shelf—as what housewife has not—would have insisted on round corners.

## Bowling News

The Greencastle Ladies Bowling Association got their annual City Bowling Tournament under way this past week end at Varsity Lanes.

Last weekend was for the team event and next weekend will see the doubles and singles rolled.

The ladies teams are all handicapped and set up in two classes, the A class and B class. All

teams whose average is approx. 630 and below are placed in the B class and those averaging better than the 630 figure are placed in the A class competition.

Swick's Lunch, composed of Charlotte Swickard, Velma Profit, Lucille Sprulock, Dee McCormack, Ann Von Tress were the victors in the A Class by shooting a 3 game series of 2644. High series went to Sprulock with a 578.

The B class winners were the Elberta Beauty Shop team com-

posed of Ruby Hall, Gwen Hendrich, W. Hendrich, N. Porter and B. Englink. Their total score was 2476. Nice going dailies!

Further rundown in the A class is as follows: Snack Shop 2455; Jones' Restaurant 2431; Angwell Pannellers 2415; Greencastle Motors 2378 and White Way 2183.

The runnersup in the B class were: White Cleaners 2427; Angwell Cutters 2421; Stoners Insurance 2396 and Livengoods' Mens Shop 2325.

Additional high series and individual high games will be announced later.

Match game activity was at its best at Varsity Lanes this past Sunday afternoon.

The "Youngsters" composed of Mace Akers, J. Basham, Dave Vote, Bill Lyons and Charley Kerr out slugged their Danville Illinois opponents by a very 182 pin margin. The game scores were 939, 939 and 574. High

game scores were registered by Vote 204, Kerr 225, Lyons 202 and Akers 197. Lyons was high series man with 589.

The Honnegger Feeds, composed of Marion Sears, Dude Birt, Chet Crawley, Doc Fuson, and Herb Blocker were defeated by a Terre Haute team by an 89 pin margin. Very close match all the way. The game scores were 775, 893, and 814. High games by Sears 202, Fuson 207. High series was shot by Sears 517.

The Honneggers team then took on the Danville aggregation for another 3 game match and defeated them by 170 pins.

The Honneggers teams for this second match was composed of Lyons, Birt, C. Crawley, Fuson, and M. Crawley. The game scores were 865, 935, and 870. High individual games were Lyons 212, Fuson 202 and Birt 206. High series went to Lyons with 560. Both Honneggers and the Youngsters are scheduled to this coming Sunday. Here's luck return the games at Danville to one and all.

The 5th annual Mens Greencastle Bowling Association City Tournament was a huge success. Many were the ups and downs and before the last pin settled and the noise died.

The winner of the 5-man team event was Bill Beck's Langdon Bros Regal Store team from Cloverdale.

Langdon Bros turned in a very neat 3060 total the first night of competition and it went the route to make them the winners over some 30 odd entries. The winning team was made up of Estil Cook, Norm Sutherland, Bill Lyons, Bob Chiles and Bill Beck. Their efforts were rewarded by a total of \$62.00 in prize money and individual shoulder patches designating each as a member of a city champion team.

## CLEAN UP WEEK

Tis clean up week in the city. The Mayor did proclaim, If we'll only cooperate A truck he'll send is his aim.

But we'll just take it out in the country. Our tin cans, boxes, just anything.

We want to please the Mayor, So we wont him, any trouble bring.

When folks come to our fair city, They'll know its clean we must be

For along the highways and byways It's there for all to see.

It's the country folks who, Take pride in their view, Shade trees, picnic tables and such, Hoping folks will enjoy them too.

But the trash city folks can find To bring out, to clutter things up, It makes one sick to behold, In car, trailer and truck.

Wish we knew who Brought out the discard We'd just bring it back And dump it in their yard.

I wonder when the county highway Will set their big foot down, And clean the road sides As well as the folks in town.

Let's keep our roadsides beautiful So as folks come to town, They wont see our trash We have throwed around.

A Country Lover

## CHOPPED HOLE IN ROOF TO ESCAPE FLOOD IN

THE FLOOD got high around this farm home near Omaha, Neb., so quickly the occupant did self time to escape. Here he's shown with his head poked through a hole he chopped in the roof. He has passed some clothing and other valuables to rescuer on the roof, who came in the boat (right) to pick him up.

## OWN YOUR OWN HOME

THE ALTA has plans that include the advantage of adding a third bedroom, location of the living room in the rear with full length windows overlooking the terrace, and combination kitchen dinette and utility room in the front.

Equipment in the kitchen includes wall cabinets, work counter, closet, cabinet in dinette, storage closet and supply cabinets in the utility room. A folding partition opens the dinette into the living room.

The plan also shows a coat closet, hinged seat and planter in the front entry, centrally located

heater room, fireplace, future outdoor grill, carport and tool garage.

Exterior finish is wide siding, low pitch roof, wide eaves, redwood carport, jowles and storage.

Overall dimensions are 45 feet by 24 feet. Area totals 1,157 square feet, while the cubage is 11,000 cubic feet.

For further information about THE ALTA, write the Small House Planning Bureau, St. Cloud, Minn. in Canada, the Small House Planning Bureau of Canada, Box 1163, St. John's New Brunswick.

Lovett and Sawyer Next To Depart From Cabinet?

Defense, Commerce Head Would Leave Voluntarily

Special to Central Press

WASHINGTON—Defense Secretary Robert A. Lovett and Commerce Secretary Charles Sawyer may be the next to leave President Truman's Cabinet. However, they will go of their own accord and won't be ousted as was Attorney General J. Howard McGrath.

Rumors are current in Washington that both Lovett and Sawyer want to return to civilian life. But they are highly regarded by the President and he may persuade them to remain in the Cabinet.

In any event, Sawyer's departure probably will be delayed indefinitely pending settlement of the steel plants under Mr. Truman's seizure order.

Labor Secretary Maurice J. Tobin and Interior Secretary Oscar L. Chapman also may resign before Mr. Truman's term expires in order to campaign for the new Democratic nominee, but this is only an outside possibility.

Treasury Secretary John W. Snyder and State Secretary Dean Acheson are expected to remain for the full Truman administration since they are close personal friends of the President.

Postmaster General Jesse M. Donaldson and Agriculture Secretary Charles F. Brannan are career men and it is felt that they also will stay in their posts until the end of Mr. Truman's term.

NO SURPRISE—The firing of Newbold Morris and the subsequent forced resignation of Attorney General McGrath came as no surprise to one Republican congressman. Rep. Frank T. Bow of Ohio, in a weekly news letter sent out to constituents in advance of the firing and resignation, commented: "By the time you read this, the United States may have a new attorney general, a new clean-up director, or perhaps both."

Bow was right, but he missed the boat on his news beat. His news letter bore the admonition that it was not to be released for publication until a week later.

DOUBLE OF SOMETHING—Congressmen are so anxious to eliminate duplication of effort in the armed services that they are duplicating their efforts to find out about it. At least five subcommittees—three of them in the House—are working on the problem.

The three House groups have exactly the same objective—that of getting the armed services to turn out a single catalog listing all their common supply items. Two of these three are part of the executive expenditures committee and the third is under the armed services committee.

Publicly, the chairmen of each of these groups are maintaining discreet silence. Off-the-record, at least one complains bitterly that he problem is in the province of his subcommittee and nobody else's. The whole thing had an interesting sidelight recently. Pentagon officials announced—and thereby gave headlines—to one group of robbers by saying certain action had been taken. This action had been demanded most vociferously by another subcommittee, which as a result, got some satisfaction but little publicity.

WAF MEETS QUEEN—A thrill that comes to few befell a former stenographer the other day when she was chosen from all the women in the armed forces to meet a Queen. Florence R. Cavella, who was a stenographer in her home town of Trenton, N. J., before she went into uniform was the lucky girl who got to hand a tulip wreath to Queen Juliana of the Netherlands when the Dutch Queen visited the Tomb of the Unknown Soldier during her stay in Washington.

Florence, a technical sergeant in the WAF said the queen "smiled and said, 'Thank you so very much.'"

Looking At Life  
By Erich Brandeis

What book do you think had  
the widest distribution of any  
book published in America in  
1951?

The Bible, of course, had the  
biggest SALE.

"Kon Tiki," "Mr. Smith,"  
"The Forrestal Diaries," "We  
Barrymores," "My Fifty Years  
in Baseball," all were best sellers.

But none of them came anywhere  
near the popularity of  
another book which, incidentally,  
is celebrating its 125th anniversary  
this year.

The book was created by John  
Walker, of Stockton-on-Tees in  
Great Britain.

It is three inches long, tipped  
with potassium chlorate, anti-  
mony sulphide, gum and starch.  
It has a cover made partly of  
pleated sandpaper.

The name of the book is—  
The Match Book.

The reason I am telling you  
this is that it is a pretty good  
poser. You can spring it at a  
party or on any friend.

Ten to one he won't be able  
to answer it, and thus you will  
appear very smart and considerably  
superior to him or her.

When he has gotten over his  
admiration for you, you may tell  
him that America produces  
608,526,549,500 matches a year,  
that 12½ billion match books  
are used annually and that the  
average American uses 143  
match books every twelve  
months.

All this comes, of course, out  
of my file marked "P. U. I."—  
"perfectly useless information."

It was sent to me by the press  
agent for the "Match Industry  
Information Bureau," one of the  
many, many organizations of  
which neither you nor I ever  
heard and whose function it is to  
get publicity for its product.

The particular piece on matches  
contains three single-spaced  
pages and is intended to get  
advertisers interested in using  
match books to sell their products.

Personally, I have never  
used these things—besides  
lighting pipes and cigarettes—  
as to jot down telephone numbers  
or notes for columns and then  
promptly lose them.

Incidentally, it may interest  
you—although the information is  
just as useless as what I have  
told you about match books—that,  
in my mail, I receive an  
average of 1,569 publicity releases  
a year (yes, you have read  
correctly—fifteen hundred and  
sixty).

It just seems that there isn't  
a single human endeavor nowadays  
that hasn't its press agent.  
An enormous amount of money  
must be spent on these releases.  
Each one of them has to go  
through the mail. That means  
postage. Each one contains from  
two to ten pages of mimeograph  
stuff—that means paper, stenog-  
raphers, stencil cutters and en-  
velopes.

Each one of them means type-  
writers, precious time and a cer-  
tain amount of creative amount  
of creative brains.

And each one of them is an en-  
deavor to get something free—  
valuable newspaper space for  
which the press agent's employer  
should pay the regular advertis-  
ing rates.

There are many worthwhile  
causes that deserve the support  
of every newspaper.

But I wonder why the match  
book industry does not use match  
books to sing its own praises.

Woman Is Free  
On 4,000 Bond

INDIANAPOLIS, April 22—  
(UP)—Mrs. Eileen B. Barber,  
47, accused in the fatal stab-  
bing of her osteopath husband,  
Dr. Robert W. Barber, 44, was  
free today on \$4,000 bond.

Mrs. Barber waived a prelimi-  
nary hearing and was bound  
over to the grand jury on a  
charge of manslaughter by  
municipal judge Scott McDaniel,  
who dismissed a preliminary  
murder charge, late yesterday.

Police said Barber, who died  
in St. Vincent's hospital here  
Sunday, was stabbed with a 14-  
inch butcher knife at his home  
more than a week ago.

According to police, Mrs. Barber  
admitted arguing with Bar-  
ber about disciplining their  
adopted son, Robert J. Barber,  
13. She denied the stabbing how-  
ever, and said he must have  
fallen against the knife when  
she pushed him.

Jail Break Ends  
In Wabash River

TERRE HAUTE, Ind., April  
22—(UP)—Vigo county authori-  
ties said today anyone who  
thinks he can make good an escape  
from the jail is all wet.

As a case in point, they cited  
Robert Woodall, 26, Terre Haute,  
who slugged a jailer and escap-  
ed the county lockup late yester-  
day but was recaptured and hour  
later in the Wabash river.

Woodall, arrested March 22 on  
charges of assault and battery  
and parole violation, slugged  
Art Criss, 56, Terre Haute,  
when the jailer opened his cell  
to collect trash. Woodall fled  
out a back door.

Search for the escaped prison-  
er centered along the Wabash  
river and authorities noticed a  
nose and mouth sticking above  
water under a bridge. They  
reached down and pulled the  
protesting Woodall from the  
muddy, flood-swollen river.

SIR STAFFORD CRIPPS  
DIES IN SWITZERLAND

ZURICH, Switzerland, April  
22—(UP)—Sir Stafford Cripps,  
"Mr. Austerity" of Britain's  
post-war Labor government,  
died last night in a Zurich clinic  
after a long illness.

The funeral is expected to be  
held in England, but details  
awaited a family conference  
here. Cripps' daughter Peggy  
arrived this morning to join her  
mother, Lady Cripps, and John,  
a son, was expected later in the  
day.

Cripps, who would have been  
63 on Thursday, was dubbed  
"Mr. Austerity" because of the  
belt-tightening measures he im-  
posed on Britain in the year 1947  
through 1950 as chancellor of the  
exchequer to save the country  
from bankruptcy.

FARMERS MUTUAL  
GIVES YOU MODERN PROTECTION  
AT MODEST COST

Being sued by someone is no joke—and it  
happens every day.

Maybe your dog bites someone... a visitor  
tumbles down your stairs... livestock wanders  
onto a highway and causes an accident...  
perhaps you wound someone while hunting...  
a deliveryman trips and falls at your house...  
a tractor or other farm machinery topples  
over—all these, and many other accidents, do  
happen. And you may be liable legally.

The best protection you can have against  
claims—just or unjust—is a liability policy  
from Farmers Mutual Liability Company. The  
cost for insurance against the many normal  
hazards of everyday life is amazingly small and

buys a lot of peace of mind! (A Comprehensive  
Liability Policy is available for as low as  
\$9.00 a year.)
